NORTH CAROLINA STATE BOARD OF COSMETIC ART EXAMINERS Management's Discussion and Analysis June 30, 2017

The following table summarizes the revenues and expenses for the Board for the fiscal years ending June 30, 2017 and 2016:

Table 2 Condensed Statement of Revenues, Expenses and Changes in Net Position

Operating Revenues Nonoperating Revenues Total Revenues	Year Ending June 30, 2017 \$ 2,397,019 39,041 2,436,060	Year Ending June 30, 2016 \$ 2,382,641 32,384 2,415,025

Change in Net Position	146,936	(15,905)
Beginning Net Position	390,533	406,438
Ending Net Position	\$537,469	\$ <u>390,533</u>

Net position increased by \$146,936 for the year ended June 30, 2017. Revenues increased by \$21,035 and expenses decreased by \$141,806 during the year. The primary factor for the increased revenue was an increase in processing fee revenue. The fee for processing did not change from the June 30, 2016 year and processing fee revenue increased due to an increase in the number of licensees renewing in the June 30, 2017 year. The decrease in expenses is primarily due to the fact that a worker's compensation claim was settled in the previous year in the amount of \$84,523.

Net Capital Assets

Net capital assets increased by \$5,703 during the year ended June 30, 2017. The majority of the decrease was due to depreciation in excess of purchases. The following is a summary of capital assets, net of depreciation:

Factors Impacting Future Periods

The majority of the Board's revenue results from the renewal and collection of license fees from cosmetologists. The Board has converted from a three year cosmetologist renewal to a rolling renewal in which approximately 1/3 of cosmetologists renew each year. The conversion resulted in more consistent revenue collection and increased operating efficiencies. The Board served 109,455 licensees at June 30, 2017 and 107,726 licensees at June 30, 2016. The Board continues to encourage the renewal of payments by credit card using its website. The Board estimates that 88% of eligible renewals were completed online. The Board also collects license fees from shops, manicurists, estheticians, apprentices, schools and Natural Hair Care Specialists.

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of North Carolina State Board of Cosmetic Art Examiners, an agency of the State of North Carolina, as of and for the years ended June 30, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the Board's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of North Carolina State Board of Cosmetic Art Examiners, an agency of the State of North Carolina, as of June 30, 2017 and 2016, and the changes in financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 through 3 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The audit was completed in 98 hours at a cost of \$10,200.

1. <u>Summary of Significant Accounting Policies</u>

A. Organization:

The North Carolina State Board of Cosmetic Art Examiners (the Board) is established by Chapter 88 of the General Statutes of North Carolina to maintain minimum standards for services provided for regulating the practice of cosmetology. The Board's operations are primarily funded through license and inspection fees.

B. Financial Reporting Entity:

The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America (GAAP), the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. The accompanying financial statements present all funds and activities for which the Board is responsible.

For financial reporting purposes, the Board is a nonmajor enterprise fund of the primary government of the State of North Carolina and is reported as such in the State's *Comprehensive Annual Financial Report* (CAFR). These financial statements for the Board are separate and apart from those of the State of North Carolina and do not present the financial position of the State nor changes in the State's financial position and cash flows.

C. Basis of Presentation:

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting principles and reporting standards. The Board applied all applicable Financial Accounting Standards Board (FASB) pronouncements issued before November 30, 1989.

All activities of the Board are accounted for within a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or fees.

D. Basis of Accounting:

In accordance with *Statement of Governmental Accounting Standards No. 34*, the Board herewith presents Statements of Net position, Statements of Revenues, Expenses, and Changes in Net position, and Statements of Cash Flows. These statements reflect entity-wide operations of the Board. The Board has no fiduciary funds or component units.

E. Accounting Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

F. Accounts Receivable:

Accounts receivable consists of an amount due from the Office of the State Controller. No reserve for doubtful accounts is necessary.

1. Summary of Significant Accounting Policies (Continued)

G. Capital Assets:

Capital assets are recorded at original cost using a capitalization threshold of \$1,000. Depreciation on furniture and office equipment is computed using the straight-line method over the estimated useful lives of the individual assets, ranging from three to seven years. Expenditures for repairs and maintenance are charged to expense as incurred. The cost and related accumulated depreciation associated with capital assets are removed from the accounts upon retirement or other disposition, and any resulting gain or loss is reflected as nonoperating items.

H. Accrued Vacation:

The vacation policy of the Board provides for accumulation of earned vacation with such leave being fully vested when earned. Because such leave is payable to employees at termination, a liability for the outstanding balances has been recorded. Accrued vacation totaled \$75,644 and \$67,168 at June 30, 2017 and 2016, respectively.

I. Net Position:

Net position is classified as invested in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors or laws or regulations of other governments or imposed by law through state statute. The Board currently has no restricted net position.

J. Unearned Revenue:

License fees are assessed, collected and renewed for varying fiscal years for periods of one to three years. License renewal fees, which cover periods subsequent to June 30, 2017 and 2016, are deferred and recognized as revenue over the period to which they relate. The majority of dues collected result from the renewal of cosmetologist licenses.

2. Deposits

The Board's portion of the State Treasurer's Cash and Investment Pool was \$1,670,189 at June 30, 2017 and \$1,413,676 at June 30, 2016. It is the State Treasurer's policy and practice for deposits not covered by federal depository insurance to be covered by collateral held by the State of North Carolina's agent in the name of the State.

The Board makes contributions for eligible employees based on their gross pay. The amount of the Board's contribution is based on the eligible employee's job description and length of service. For the year ended June 30, 2017, the Board contributed between 8% and 11.5% of eligible employees' gross pay. Total Board contributions for the year ended June 30, 2017 were \$121,320.
